FEARLESS XTRA 5.6L

Acetochlor	33.4%
Atrazine	26.9%
Other ingredients	39.7%
Total	100%

Fearless contains 7 lbs acetochlor per gallon.

Fearless Xtra contains 4.3 lbs acetochlor and 1.7 lbs of atrazine per gallon.

Fearless Xtra 5.6L contains 3.1 lbs acetochlor and 2.5 lbs of atrazine per gallon.

OUTSTANDING FLEXIBILITY AND CONTROL

TARGET GRASS AND BROADLEAF WEEDS WITH CONFIDENCE

Fearless® herbicide brands deliver superior crop protection against yield-robbing weeds with the added benefit of application and rotational flexibility on corn.

Proven to control early-season competition of grass and small-seeded broadleaf weeds on, Fearless herbicides can be applied preplant, pre-emergence or post-emergence.

PERFORMANCE BENEFITS

- Peace of mind from early weed flushes
- Powerful and consistent performance
- Grass and small-seeded broadleaf control
- Application flexibility - preplant to early post-emergence

EXTENSIVE FLEXIBILITY

Used alone or in combination with pre- and post-emergence residual corn herbicides, Fearless herbicides are powerful weed control tools for conventional tillage, reduced tillage and no-till production systems. With superior quality liquid formulations, all three Fearless products can be easily mixed with water and most fluid fertilizers.

PROTECTION WITH FLEXIBILITY

CROPS

Field corn Seed corn
Silage corn Popcorn

PACKAGING

265 gal tote and bulk

PRIMARY WEEDS CONTROLLED

Barnyardgrass
Carpetweed
Crabgrass
Fall panicum
Foxtail Millet
Henbit
Kochia*
Jimsonweed*
Johnsongrass, seedling*
Lambsquarters
Nightshade, black
Nutsedge, yellow**
Pigweed
Purslane
Ragweed, common
Sandbur*
Shattercane*
Smartweed*
Teaweed (Prickly sida)*
Velvetleaf*
Waterhemp
Witchgrass
Wild Proso Millet*
Woolly cupgrass*

* Indicates reduced competition. Some weeds require higher rates for control.
** PPI recommended for improved control. See label for rate recommendations.

ADDITIONAL WEEDS CONTROLLED BY FEARLESS XTRA BRANDS

Morningglory, annual
Cocklebur
Florida beggarweed
Florida pusley
Galinsoga
Ground cherry
Mustard

FEARLESS

PRODUCT ADVANTAGES

- Controls more than 60 grasses and broadleaf weeds
- Best in class safener for improved protection to corn
- Activated with 1/4" to 3/4" of precipitation

APPLICATION RATE AND TIMING

- Recommended rates: 1.5- 3.0 pts/Acre*
- Early preplant up to 45 days before planting
- Pre-emergence surface (at planting or after - before crop/weeds emerge)
- Pre-emergence (incorporate if sufficient rainfall does not occur in 7 days)
- Early post-emergence up to 11" corn

ACTIVE
Acetochlor 75.9%

FEARLESS XTRA

PRODUCT ADVANTAGES

- Controls more than 50 grasses and broadleaf weeds
- Proven premix of acetochlor + atrazine for corn
- Excellent results regardless of tillage system

APPLICATION RATE AND TIMING

- Recommended rate: 1.8- 2.3 qts/Acre*
- Early preplant up to 45 days before planting
- Pre-emergence surface (at planting or after - before crop/weeds emerge)
- Pre-emergence (incorporate if sufficient rainfall does not occur in 7 days)
- Early post-emergence up to 11" corn
